

# VYRNWY FRANKTON CONNECTION CYSYLLTIAD VYRNWY FRANKTON

Mae prosiect trydan newydd wedi'i gynnig yn eich ardal

A new electricity project is proposed in your area

## Rhannwch eich barn – ymgynghoriad statudol rhwng 19 Chwefror ac 16 Ebrill 2025

Rydym yn cynnig cysylltiad newydd drwy Bowys a Swydd Amwythig sy'n datgloi ynni glân ac adnewyddadwy ar gyfer ein busnesau a'n cymunedau. Helpu i ddatblygu rhwydwaith trydan cryfach a mwy cadarn.

Roedd eich adborth i'n hymgyngoriad cyntaf yn 2023 wedi helpu i ddylanwadu ar ddyluniad y cysylltiad. Yr ymgynghoriad hwn yw eich cyfle chi i roi eich sylwadau a pharhau i ddylanwadu ar drywydd y prosiect.

Rydym yn cynnal chwe digwyddiad cymunedol fel rhan o'n hymgyngoriad statudol. Bydd copïau o'r llyfryn a ffurflen adborth ar gael. Gallwch hefyd sgwrsio â'n tîm ac edrych ar fodel 3D digidol o'r cysylltiad.

## Have your say – statutory consultation 19 February to 16 April 2025

We are proposing a new connection through Powys and Shropshire that unlocks clean, renewable energy for our businesses, and communities, adding needed local capacity and helping to develop a stronger, more resilient electricity network.

Your feedback to our first consultation in 2023 has helped to influence the design of the connection. This consultation is your final opportunity to provide your comments to continue to shape how the project is developed.

We are hosting six community events as part of our statutory consultation. Copies of the brochure and feedback form will be available. You can also talk to our team and view a digital 3D model of the connection.

# TROSOLWG O'R CYNIGION

Mae Green GEN Cymru yn datblygu seilwaith grid newydd i ddatgloi potensial ynni ein gwlad a diwallu anghenion ei phobl, ei chymunedau a'i busnesau.

Rydym wedi diweddarau ein cynigion i ymateb i'ch adborth ac i astudiaethau technegol pellach.

## Mae'r ymgynghoriad hwn yn cynnwys:

- Is-orsaf gasglu 132 kV Grug y Mynydd ger Cefn Coch ym Mhowys
- Aliniad y llwybr cylched dwbl 132kV, tua 50km o hyd, o is-orsaf gasglu i is-orsaf newydd y National Grid ger Lower Frankton yn Swydd Amwythig
- Y darnau o dir y gall fod eu hangen arnom dros dro, ar gyfer gwaith adeiladu neu i weithredu'r cysylltiad, er enghraifft.

# OVERVIEW OF THE PROPOSALS

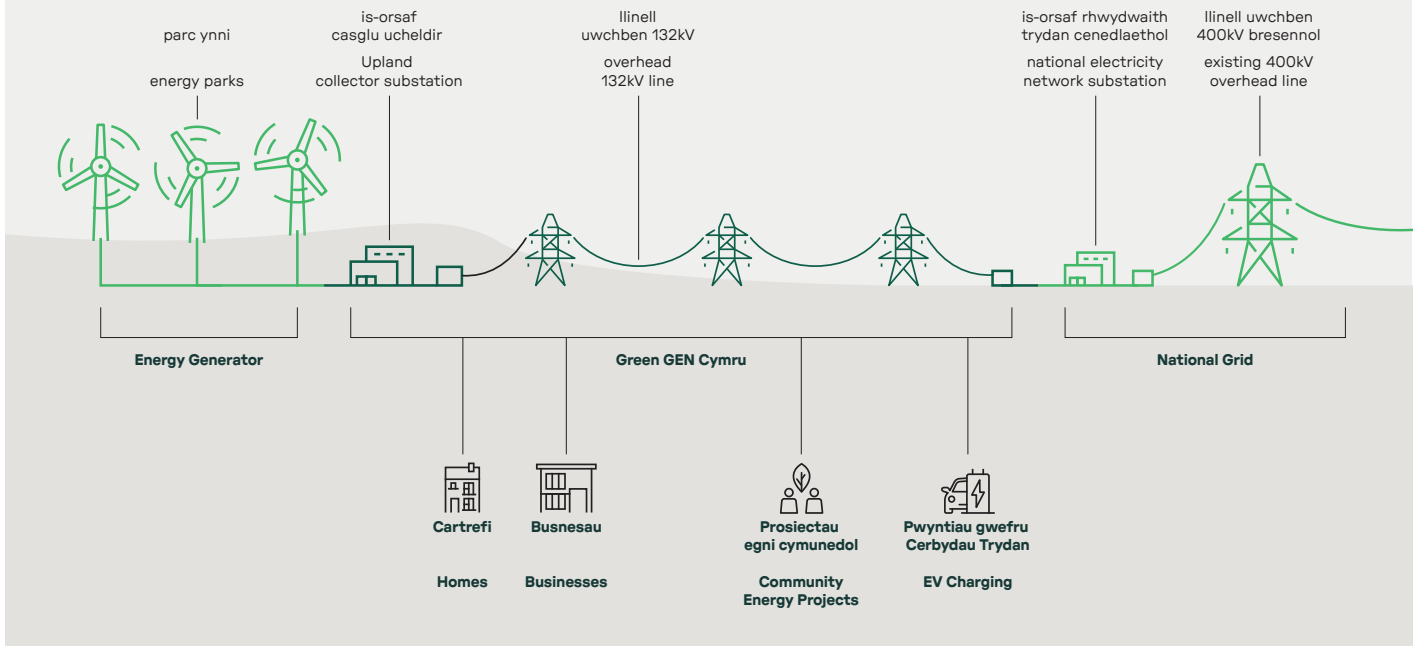

Green GEN Cymru is developing new grid infrastructure to unlock our country's energy potential and meet the needs of its people, communities and businesses.

We have updated our proposals in response to your feedback and further technical studies.

## This consultation includes:

- 132 kV Grug y Mynydd collector substation near Cefn Coch in Powys
- The route alignment for an approximately 50 km double circuit 132 kV connection from the collector substation to a new National Grid substation at Lower Frankton in Shropshire
- The areas of land we may need temporarily such as for construction or operation of the connection.

## Cysylltiad nodweddiadol 132kV ar beilonau dur.

## Gwelwch ein llwybr

Sganiwch y cod QR i weld map manwl o aliniad y llwybr posib.

## View our route

Scan the QR code to see a detailed map of the proposed route alignment.

## Rhoi eich adborth

- Llenwch ffurflen adborth ar ein gwefan neu gofynnwch am un gan ein tîm drwy ffonio **0800 915 3590**
- Anfonwch e-bost atom yn **info@greengenvyrnwyfrankton.com**
- Ysgrifennwch atom yn **RHADBOST Green GEN Cymru V2F**

## Submit your feedback

- Complete a feedback form on our website or request one from our team by calling **0800 915 3590**
- Email us at **info@greengenvyrnwyfrankton.com**
